

- 00:04

Certain classrooms on UW campus are

- 00:06

equipped with a USB camera and MIC system,

- 00:09

and it can connect with any

- 00:11

popular video conferencing

- 00:13

software such as Microsoft Teams,

- 00:14

Webex Zoom or LMS Virtual classroom.

- 00:18

These work the same as any USB

- 00:19

webcam and allowed the online

- 00:21

students to have the same experience

- 00:23

as the in person attendees.

- 00:29

The video conferencing equipment

- 00:31

will work with either your

- 00:33
laptop or the podium computer.
- 00:34
On the Crestron touchscreen,
- 00:36
which can be found on the top
- 00:38
surface of the classroom podium.
- 00:40
Press USB Cam mic located in the
- 00:43
top right corner of the screen.
- 00:46
This is where you select
- 00:48
which computer to use.
- 00:49
With the video conferencing system.
- 00:51
To use this system with your laptop,
- 00:54
select laptop,
- 00:55
then locate the USB cable labeled USB Cam.

- 00:57
Mike and the HDMI cable both coming
- 01:00
out to the podium and connect these
- 01:02
to the ports on your laptop to use
- 01:05
the system with the podium computer,
- 01:07
select PC under the USB Cam Mike
- 01:10
menu of the CRESTRON touchscreen.
- 01:14
All cables are already connected
- 01:15
to the podium,
- 01:16
computer and everything outlined
- 01:18
in the remainder of this video
- 01:20
is the same for both podium
- 01:22
computer and laptop usage.

- 01:26
Within Microsoft Teams,
- 01:28
select the three dots icon in the top
- 01:32
right hand corner and then select settings.
- 01:36
Go to the devices menu under audio devices,
- 01:40
select your room number followed by USB.
- 01:43
Here we see DC1350 USB.
- 01:47
Note that the speaker and
- 01:48
microphone are then changed to ECHO
- 01:50
cancelling speakerphone DC1350 USB
- 01:52
under the camera drop down menu.
- 01:54
Select the same your room number
- 01:56
followed by USB and now when you

- 01:59
start your video conference and
- 02:01
teams you will be using the in
- 02:04
class video conferencing equipment.
- 02:05
Make sure you are using a wireless lapel
- 02:09
microphone so that the participants
- 02:11
on the video conference can hear
- 02:14
what is being said in the room.
- 02:16
And the USB Cam section of the
- 02:19
CRESTRON touchscreen is where you
- 02:21
select the camera angle presets and
- 02:23
also change what content is being
- 02:25
shown to the remote participants.

- 02:27

Thank you for watching.
